

ANNUAL CONFERENCE & EXPO

OCTOBER 2-4, 2022 | BISMARCK EVENT CENTER

SPECIAL THANKS TO AGENDA BOOK SPONSOR **wsb**

Welcome to the North Dakota Association of Counties 2022 Annual Conference!

Great Scott, you've done it! You've kept your county up to speed through drought, flood, blizzards, pandemic and who knows what all else? NDACo and NDCCA — your associations — are proud to welcome you back to the Bismarck Event Center and **BACK** to driving toward where you've been wanting to go — **TO THE FUTURE!**

Over the next couple of days, you'll be able to take advantage of these opportunities:

- **WORKSHOPS** – learn the latest on issues important to your county
- **NETWORKING** – rub elbows with county professionals from your county and across the state. Many say this is the best thing about the conference!
- **PARTNERSHIPS** – check out the latest offerings of partner companies filling the big exhibit halls with the newest equipment, the latest technologies and more. These great partners – the exhibitors and sponsors you'll see during the conference and identified throughout this agenda book – make it possible for us to put on an event for you that is the best experience it can be.

While you're visiting them, please stop by YOUR booth, known as "Member Central," for information, a special gift and to chat with our staff. Oh, and bring your phone/camera to get a picture of yourself with the **DeLorean!**

A special welcome to all first-time attendees.

We're so pleased you've decided to attend your first conference. We have prepared an agenda packed with learning and networking opportunities. Please take advantage of this once-a-year chance to hang out with your peers from other counties.

Please take a good look through this agenda to get a preview of what's in store for you, and don't be afraid to approach our staff, wearing black NDACo shirts and green lanyards, for help or just to get to know more about what your associations do.

Thanks for attending!

Not Heroic: Just Save Lives

Upper Level Prairie Rose Room 103

Can you think of examples of companies with excellent programs on paper and persistently disastrous safety outcomes? Having a check mark of approval from your local workers' compensation body looks good, but it doesn't reflect real safety culture.

Culture is found in the conversation—the basic human relationships that form the context in which work is done. This talk shows exactly how companies can move from good in theory to good in practice. Based on real life work, see how culture can be practically changed. Learn, step by step, a complete approach to changing the human-to-human dynamic in a workplace setting.

Upper Level Prairie Rose Room 103

Did you know in 2020 an estimated 6.76 trillion dollars of the US gross domestic product was lost to fraud, or that one-quarter of all fraud cases exceed a million dollars? How about the fact that most fraudsters are tenured employees of over 5 years and the average fraud is perpetrated over 18 months. As stewards and comptrollers of taxpayer dollars, we have an obligation to mitigate the risks of fraud within

our organization. Collector of Revenue Kate Becker of Audrain County, MO is a former CIA auditor, Certified Fraud Examiner, and elected Comptroller in Missouri. As a respected "Financial Disaster Mitigator," Kate has helped counties nationwide in their darkest hours and set them up for future success. Her county fraud prevention presentation has been given in over 16 states as she believes that prevention is key. Learn how to spot warning signs, educate county employees on how to spot and prevent fraud, exercise sound stewardship of county funds and examine true case studies.
